# Bacter Alcalino

Foaming alkaline disinfectant for food industry

## DESCRIPTION

Bacter Alcalino is a highly foaming alkaline bactericide and virucidal liquid product, made of tertiary amines. Use in food industry. Contact disinfection: surfaces and equipment. For professional use only. Meets the standard UNE-EN 13697 in dirty conditions for the microorganisms *Escherichia coli*, *Staphylococcus aureus*, *Enterococcus hirae* and *Pseudomonas aeruginosa*. Meets the standard UNE-EN 14476 in dirty conditions for the organisms Poliovirus type 1, Adenovirus type 5 and Norovirus murino. Registration number 19-20/90-06281-HA.

## DOSAGE AND USE INSTRUCTIONS

Apply the product diluted in water by spraying, immersion or with foaming equipment. For bactericidal effect, apply at a dose of 10 g/l (1%) and let work for 5 min. For bactericidal and virucidal effect apply at a dose of 50 g/l (5%) and let work for 15 min. Rinse with water under pressure afterwards in both cases.

## TECHNICAL DATA

Appearance Transparent colorless liquid.

pH (1%) 11.8 +/- 0.5

Density (20°C) 1.05 +/- 0.02 g/ml

## MAIN COMPONENTS

Contains N-(3-aminopropyl)-N-dodecylpropane-1,3-diamine 6 %, potassium hydroxide and excipients qs 100 %.

## PRESENTATION

20 kg, 1000 kg.

## USE OR HANDLING PRECAUTIONS

**DANGER** UN No.: UN3266

DO NOT SWALLOW

|                 |                                                                                                                     |
|-----------------|---------------------------------------------------------------------------------------------------------------------|
| H290            | May be corrosive to metals.                                                                                         |
| H302            | Harmful if swallowed.                                                                                               |
| H314            | Causes severe skin burns and eye damage.                                                                            |
| H410            | Very toxic to aquatic life with long lasting effects.                                                               |
| P102            | Keep out of reach of children.                                                                                      |
| P234            | Keep only in original packaging.                                                                                    |
| P260            | Do not breathe vapours, spray.                                                                                      |
| P280F           | Wear protective gloves, clothing and eye protection. In case of inadequate ventilation wear respiratory protection. |
| P363            | Wash contaminated clothing before reuse.                                                                            |
| P273-P391-P501c | Avoid release to the environment. Collect spillage. Dispose of contents/container as hazardous waste.               |
|                 | Do not mix with other chemicals.                                                                                    |
