Bio treat

Biological product for chemical toilets

DESCRIPTION

Biological product based on cultures of microorganisms, enzymes and nutrients for the liquefaction and digestion of animal, vegetable and mineral fats. Suitable for grease traps in the agri-food industry and large septic tanks.

DOSAGE AND USE INSTRUCTIONS

Add to the total volume of water to be treated a 5% in volume of BIO TREAT. Before adding the product, the retention tanks should be clean and free of any kind of chemichal product used before. Do not use together with disinfectants, chlorinated products, acids, formaldehyde or any other kind of chemichal product. The tanks should be cleaned weekly.
