Condnipple B

Protection and conditioning for post-milking care.

DESCRIPTION

Specially designed product to be used in combination with Condnipple A, as part of the teat conditioning process after milking. The resulting mixture forms a protective layer that prevents microbial contamination and helps to avoid teat irritation in animals.

This product should only be used externally on animals. It is recommended to store in a cool, dry place, protected from sunlight and frost to ensure quality and efficacy.

For use, 50 ml of Condnipple B per litre of Condnipple A should be mixed in a well ventilated area. Before milking, teats should be cleaned to remove product residues and dirt. Immediately after milking, the product should be applied to the teats using an applicator cup. It is important not to wipe dry, but to let the teats dry in the open air.

The main component is highly effective in eliminating bacteria and other micro-organisms that can cause teat infections in animals. In addition, this product is designed with conditioning ingredients to help prevent teat irritation.

This product is packaged in 1 kg packages, which allows for easy handling and storage.

DOSAGE AND USE INSTRUCTIONS

Add and mix 50 ml of CONDNIPPLE B for each liter of CONDNIPPLE A in a well-ventilated area. Before milking, clean the nipples to remove the remains of products and dirt. Immediately after milking, apply the product to the nipples using an applicator cup. Let it dry, do not dry with a cloth.

This product should only be used to prepare the mixture with CONDNIPPLE A, for nipple conditioning.

TECHNICAL DATA

Appearance Colourless liquid.

pH (1%) 10.5 +/- 0.5

MAIN COMPONENTS

Contains sodium chloride.

PRESENTATION

1 kg.

USE OR HANDLING PRECAUTIONS

DANGER

DO NOT SWALLOW

H312	Harmful in contact with skin.
H315	Causes skin irritation.
H318	Causes serious eye damage.
EUH032	Contact with acids liberates very toxic gas.
P102	Keep out of reach of children.
P280C	Wear protective gloves, clothing and eye protection.
P362	Take off contaminated clothing.
