Eco Soft

Softener developed specifically for use in self-service laundries.

DESCRIPTION

It is the ideal fabric softener for self-service laundries, specially designed to be used in combination with Eco Wash detergent. Its unique formula helps to prevent the formation of static electricity in the laundry, which makes ironing easier and leaves a pleasant scent on the clothes.

Not only is it an effective fabric softener, it is also an environmentally friendly product and is EU Ecolabel ES-CAT/039/002 certified, which means it meets the highest environmental standards and is safe for use on all types of fabrics. By using Eco Soft in combination with Eco Wash, you get a deep and effective clean on your clothes, removing stains and odours, leaving your clothes clean and fresh.

Its scent is fresh and natural, and leaves no residue on clothes. It also helps to reduce the impact on the environment. The 10 kg Bag-in-Box and 20 kg format is very practical for self-service laundries, and reduces environmental impact. In addition, as it is a concentrated product, it allows a more efficient use, which contributes to reducing the consumption of resources and minimising the environmental impact.

For its use, it is automatically dosed according to Technical Service indications. The correct dosage and temperature will minimise water and energy consumption and reduce water pollution. The correct dosage will depend on the type and quantity of laundry being washed.

The quality of the fabric softener is evident from the first use, providing a softness and fresh scent to the laundry that remains even after several washes. It is ideal for those looking for an effective and environmentally friendly fabric softener.

DOSAGE AND USE INSTRUCTIONS

It is dosed automatically according to the indications of the Technical Service. A correct dosage and temperature allow to minimize the consumption of water and energy as well as to reduce water pollution.

TECHNICAL DATA

Appearance White liquid.

pH 2.5 - 3.5

MAIN COMPONENTS

Contains cationic surfactants 5-15 %, perfumes < 5 %.

PRESENTATION

10 L (bag-in-box), 20 L.
