Eco Wash

Concentrated enzymatic detergent for self-service laundries.

DESCRIPTION

It is a high quality enzymatic detergent specially formulated for use in self-service laundries. If you are looking for an effective product that guarantees the removal of stains and dirt from clothes, even in short washes and at low temperatures.

The concentrated formula and the highly effective enzymes present ensure deep and thorough cleaning of even the most stubborn stains. In addition, when combined with Eco Soft fabric softener, a synergy is created that guarantees a fresh and long-lasting scent on the laundry after washing.

One of the strengths of the product is its EU Ecolabel certification ES-CAT/039/002, which guarantees that this product meets the highest environmental standards and is safe for use on all types of fabrics. This means that in addition to effective cleaning, you are using a product that is environmentally friendly and safe for use on all types of fabrics.

The format in which it is presented is another of its strong points. It comes in a practical 10kg Bag-in-Box format, making it ideal for self-service laundries. In addition, the use of this packaging format helps to reduce the environmental impact by reducing the use of plastics. A 20kg option is also available, which is also easy to transport from one location to another.

The dosing is automatic according to the indications of the Technical Service, depending on the water hardness of the area. The recommended temperature is about 40°C. Proper dosing and temperature minimise water and energy consumption and reduce water pollution.

DOSAGE AND USE INSTRUCTIONS

It is dosed automatically according to the indications of the Technical Service, depending on the water hardness in the area. The recommended temperature is around 40°C. A correct dosage and temperature allow to minimize the consumption of water and energy as well as to reduce water pollution.

TECHNICAL DATA

Appearance Yellow liquid.

pH 8.5 - 9.0

MAIN COMPONENTS

Contains anionic surfactants < 5 %, non-ionic surfactants 15-30 %, soap < 5 %, enzymes < 5 %, optical brighteners < 5 %, perfumes < 5 %.

PRESENTATION

10 L (bag-in-box), 20 L.

USE OR HANDLING PRECAUTIONS

DANGER

DO NOT SWALLOW

H318

Causes serious eye damage.

P102

Keep out of reach of children.

P262

Do not get in eyes, on skin, or on clothing.
