# Grassclor

Chlorinated degreasing cleaner

## DESCRIPTION

Degreasing detergent with active chlorine. Incorporates chlorine-stable surfactants and chelating agents, thus achieving cleaning, hygiene and deodorisation. Suitable for cleaning and hygienizing floors, walls and other extra-greasy surfaces in the food industry, quartering rooms, meat industry, etc.

## DOSAGE AND USE INSTRUCTIONS

Dosage ranges from 10 to 20 g/l, applied with the aid of brushes or mops. In case of heavy soiling, dosage can be increased up to 100 g/l. It should be rinsed afterwards. It can be applied by projection at a dosage ranging from 5 to 10 g/l.

## TECHNICAL DATA

|                |                      |
|----------------|----------------------|
| Appearance     | Yellow liquid.       |
| pH (1%)        | 12.0 +/- 0.5         |
| Density (20°C) | 1.175 +/- 0.020 g/ml |

## MAIN COMPONENTS

Contains phosphonates < 5 %, non-ionic surfactants < 5 %, chlorine-based bleaching agents < 5 %. Sodium hydroxide, Sodium hypochlorite (as active chlorine).

## PRESENTATION

11 kg, 22 kg.

## USE OR HANDLING PRECAUTIONS

**DANGER** UN No.: UN3266

DO NOT SWALLOW

|                |                                                                                                                                  |
|----------------|----------------------------------------------------------------------------------------------------------------------------------|
| H290           | May be corrosive to metals.                                                                                                      |
| H314           | Causes severe skin burns and eye damage.                                                                                         |
| H410           | Very toxic to aquatic life with long lasting effects.                                                                            |
| P102           | Keep out of reach of children.                                                                                                   |
| P280F          | Wear protective gloves, clothing and eye protection. In case of inadequate ventilation wear respiratory protection.              |
| P363           | Wash contaminated clothing before reuse.                                                                                         |
| P301+P330+P331 | IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.                                                                               |
| P303+P361+P353 | IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.                              |
| P304+P340      | IF INHALED: Remove person to fresh air and keep comfortable for breathing.                                                       |
| P305+P351+P338 | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| P310           | Immediately call a POISON CENTER or doctor.                                                                                      |
| P321           | Specific treatment.                                                                                                              |
