Pink Soft

Cleanliness and fragrance for all types of clothes.

DESCRIPTION

A high quality fabric softener specially formulated for use in self-service laundries. This unique product offers exceptional softness to clothes, making ironing easier and leaving a fresh feeling and a very intense floral scent even after drying. In addition to improving the softness of the laundry, it also helps to reduce static and makes ironing easier, making clothes look impeccable.

When you use the product in your self-service laundries, you will notice the difference in the texture and softness of the laundry. Each garment will feel softer to the touch, providing an experience of comfort and freshness. The intense floral scent will linger on the garment, providing a pleasant and long-lasting sensation.

The recommended dosage varies between 5 and 10 grams per kilogram of dry clothes. It is used in the last rinse to ensure an even distribution of the softener on all garments. Only a small amount is sufficient to achieve excellent results.

The components work together to provide softness, fragrance and static reduction to clothing.

Available in 20 kg packs, ensuring long life and a supply suitable for self-service laundries.
