Q1

Ink stain remover for clothing.

DESCRIPTION

A highly effective product specifically designed for the removal of ink stains, oils, mineral fats and some paints from clothing. It is suitable for use on most types of garments, both white and coloured, with the exception of wool and leather.

Application is easy and straightforward. It is applied neat directly onto the stains, allowing it to act for approximately 5 minutes. If necessary, it can be rubbed in with a brush to enhance its effectiveness. The garment is then washed normally. It is important not to exceed contact times of 15 minutes to avoid possible damage to the garment. A pre-test is recommended to ensure the resistance of synthetic fibre garments and the colours of the garment. In addition, the application of heat should be avoided until the stain has completely disappeared. If necessary, the treatment can be repeated.

Presented in a 750 ml recipient, it is easy to use and store. Its high quality formulation ensures excellent efficacy in removing stubborn stains, making it an indispensable laundry care ally.

With Q1, saying goodbye to ink, oil, grease and paint stains on clothes has never been easier. Enjoy spotless, stain-free garments with the confidence that comes from this quality product.

DOSAGE AND USE INSTRUCTIONS

It is applied pure directly on the stains. Let work for about 5 min. and rub with a brush if necessary. Then perform a normal wash. Do not exceed contact times of 15 min. A previous test is recommended to ensure the resistance of synthetic fibers and the colors of the garment. Do not apply heat until the stains have disappeared. Repeat the process if necessary.

TECHNICAL DATA

Appearance Transparent colourless liquid.

Density (20°C) 0.88 +/- 0.01 g/ml.

MAIN COMPONENTS

Contains non-ionic surfactants < 5 %. Methyl isobutyl ketone. Alcohols, C12-14(even numbered), ethoxylated(5-15).

PRESENTATION

750 ml.

USE OR HANDLING PRECAUTIONS

DANGER UN No.: UN1993

DO NOT SWALLOW

H225 Highly flammable liquid and vapour.

H351 Suspected of causing cancer.

H318 Causes serious eye damage.

H336 May cause drowsiness or dizziness.

EUH066 Repeated exposure may cause skin dryness or cracking.

P102 Keep out of reach of children.

P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
