Q4

Pigment stain remover.

DESCRIPTION

It is a highly effective product specifically designed for the removal of pigment stains, such as coffee, tea, tomato, fruit, and many more. This powerful product can be used on a wide range of garments, both white and coloured, with the exception of wool and leather. Application is quick and easy. It is used pure, directly on the stains. Simply apply the product on the stain, leave it on for about 5 minutes and, if necessary, rub gently with a brush. The garment is then washed normally. It is important to bear in mind that the contact time should not exceed 15 minutes. It is recommended to pre-test a small area of the garment to ensure colour fastness. Do not apply heat until the stain has completely disappeared. If necessary, the treatment can be repeated.

Comes in a 750ml pack, making it convenient and easy to use in home or commercial environments. With its specialised formula and ability to remove pigment stains, it is an indispensable ally in keeping clothes spotless and stain-free.

Whether it's a coffee stain on a white shirt or a tomato stain on a coloured tablecloth, Q4 is designed to deliver optimum results.

DOSAGE AND USE INSTRUCTIONS

It is applied pure directly on the stains. Let work for about 5 min. and rub with a brush if necessary. Then perform a normal wash. Do not exceed contact times of 15 min. A previous test is recommended to ensure the resistance of the colors of the garment. Do not apply heat until the stains have disappeared. Repeat the process if necessary.
