Vacid

Acidic anti-limescale detergent.

DESCRIPTION

A powerful, controlled foaming acid detergent with high wetting and penetrating power. Specifically designed to quickly and effectively remove scale deposits, this product is ideal for deep cleaning of circuits, pipes, vats, tanks and reservoirs in water bottling plants, milking parlours and the food industry in general.

It is compatible with a wide range of materials commonly used in the food industry, making it a versatile choice. However, it is important to note that high concentrations should be avoided on low quality steels.

Dosage and method of use are simple. Before applying the product, it is recommended to rinse the installation under running water. The product is then circulated at a concentration of 5 to 10 g/l for 5 to 10 minutes at a temperature of 50 to 60 degrees Celsius. After this time, rinse with cold potable water. For manual applications, a concentration of 5 to 10 g/l with a contact time of at least 8 minutes can be used. In the case of old incrustations, the dosage should be increased to 50 to 100 g/l for effective removal.

It comes in 22 kg packages, which guarantees a sufficient quantity for prolonged use. With its proven efficacy and ability to remove the most stubborn scale deposits, Vacid is the perfect choice for those looking for a high quality acid detergent for cleaning in the food industry.

DOSAGE AND USE INSTRUCTIONS

Rinse the facility with running water previously. Circulate at 5-10 g/l for 5-10 min. at 50-60°C. Rinse with abundant running water. Manually, contact times of at least 8 minutes. Doses up to 50-100 g/l to remove old scaling.

TECHNICAL DATA

Appearance	Transparent red liquid.
pH (1%)	2.0 +/- 0.5
Density (20°C)	1.10 +/- 0.02 g/ml

MAIN COMPONENTS

Contains phosphonates < 5 %, non-ionic surfactants < 5 %. Orthophosphoric acid, hydrochloric acid.

PRESENTATION

22 kg.

USE OR HANDLING PRECAUTIONS

DANGER UN No.: UN3264

DO NOT SWALLOW

H290	May be corrosive to metals.
H315	Causes skin irritation.
H318	Causes serious eye damage.
P102	Keep out of reach of children.
P280F	Wear protective gloves, clothing and eye protection. In case of inadequate ventilation wear respiratory protection.
P363	Wash contaminated clothing before reuse.
